TECHNICAL EXPERIENCE

Projects

- **QuickClick:** (2018). A simplistic online multiplayer browser game which pits users against each other to see who has the fastest reaction time. Created using: NodeJS (Express), Socket.IO, JavaScript (ES6), JQuery, EJS, HTML/CSS (Bulma.io).
- **Gister:** (2017). A Google Chrome extension which allows users to share web-based code snippets through their browser. Created using: HTML/CSS (Bulma.io), JavaScript/JQuery & Chrome API.
- **TobyTee.com:** (2017). A Portfolio website that was created to display all of my personal projects, as well as teach me the basics of creating an SPA. Created using: HTML/CSS (Bootstrap), JavaScript (Vue.JS).
- **ToDoList:** (2017). A ToDo List application, created as a proof of concept to help me learn how to implement a small NodeJS backend. Created using: NodeJS(Express), JavaScript (ES6), JQuery, EJS, MongoDB, HTML/CSS(Bootstrap).

PERSONAL INTERESTS AND EXTRA-CIRCULAR ACTIVITIES

- **First Team Hockey Goalkeeper (2009 – 2015):** Played for two successful school hockey teams as an actively contributing and well-spoken team member.
- **Diverse Interests:** I have a number of interests outside of programming, these include but are not limited to: Going to the gym, photography, traveling, mixed martial arts (Trained TKD for 10 years), and watching sports.
